

STEM Program

June 18-22

3rd – 5th Grades, 8:00 – 11:00 A.M.

Kindergarten – 2nd Grade, 11:30 – 2:30 P.M.

Cost: \$125 *Each session will be limited to 20 students.

Does your child like to make things out of items lying around the house or do they have a ton of ideas about how they can help solve problems they see others face? This STEM Program is for them! Students will enjoy a variety of different STEM/STEAM challenges each day. They will be given different materials and tasks to complete within a certain amount of time! These challenges will force their brains to come up with an array of ideas for one given task. Ask your child about the classroom STEM challenges that they have done this year. They have loved them and always want more! This is the week to do it!

Please fill out and return this form to St. Joseph Catholic School in a sealed envelope marked "Attention: Jennifer Terrill." If you are enrolling more than one child, please fill out additional forms; checks can be combined into one payment. **Please make all checks payable to Jennifer Terrill.**
